IDENTIFICATION

Travel within USA

For travel completed by September 30, 2020, all airlines will ask for identification when you check in. It is recommended that you carry a passport if you have one. A driver's license (with a photo I.D.) is also acceptable for domestic flights. Effective for travel October 1, 2020 forward, the REAL ID Act standards for identification while travelling will be in effect. This means a standard issued driver's license used as a form of identification will no longer be accepted for domestic air travel within the United States. Instead, a Real ID compliant form of identification must be presented both at the time of booking air travel with Collette and upon checking in at the airport to board any flight. Any fees associated with changing a reservation resulting from a non-compliant identification will be the responsibility of the guest. For more information on Real ID, please visit the Department of Homeland Security website: <https://www.dhs.gov/real-id>

Single accommodations are limited and are available on a first come, first served basis.

The days and order of sightseeing may change to best utilize your time on tour.

To complete your tour, we include roundtrip airport-to-hotel transfers when purchasing our airfare with your tour. If you have arranged for your own air, we are pleased to

provide you the option of *purchasing* these transfers. Please note that all transfers will leave at pre-scheduled times.

The National Cherry Blossom Festival is planned to coincide as near as possible with the blooming of the trees. "Peak Bloom Date" is defined as the day on which 70 percent of the blossoms of the Yoshino cherry trees are open. The date when the Yoshino cherry blossoms reach peak bloom varies from year-to-year, depending upon weather conditions. The mean date of blooming is April 4, but nature is not always cooperative and the National Park Service horticulturists cannot make an accurate prediction much more than 10 days prior. The blooming period starts several days before the Peak Bloom Date and can last as long as 14 days; however, frost or high temperatures combined with wind and/or rain can shorten this period.

*Ford's Theatre is a working, professional theatre and there may be occasions when access is restricted or not available.

This tour includes moderate physical activity. The itinerary blends some longer days with shorter days and more leisure time. Walking tours, as well as walking slightly longer distances, up stairs or on uneven walking surfaces, should be expected.

Please be advised many airlines do not provide advance seat assignments until check-in at the airport. Advance seating will be subject to the airline's terms and conditions.

Economy air rate and schedule are applicable for groups of 10 or more traveling on the same flights and dates.

Experience It! Washington National Cathedral

The Cathedral Church of St. Peter and St. Paul, better known as the Washington National Cathedral, has had a prominent place in Washington events since Congress granted its charter in 1893. The construction of the current building began in September 1907, with President Theodore Roosevelt in attendance for the ceremony. Since then, the cathedral has been host to state funerals, inauguration masses, national memorial services, and countless other national commemorations and celebrations. Construction of the church was finally completed in 1990, taking an incredible 83 years to finish – making it the longest running construction project in Washington, D.C.

Today, visitors marvel at the beautiful Indiana limestone facades and carvings, as well as the magnificent Great Organ that has been redesigned and expanded through the years to meet the needs of the active congregation and its breathtaking cathedral.
