

Customer Guide to Setting Up Secure Checking Account Benefits

It is important to register with eClub so you can get the most out of the protections offered by the Secure Checking Account.

Main steps:

- Register on eClub website
- Activate Credit File Monitoring
- Pull Credit Report
- Activate Identity Monitoring
- Register Credit/Debit Cards
- Verify that the bill for cell phones is paid from this checking account
 - There is no registration necessary for the cell phone coverage. However, the previous month's bill must have been paid out of the Secure Checking to be eligible for the cell phone insurance.

There is a link to the eClub website from myfsb.com under Personal Checking products. It is included with the Secure Checking account details.

The screenshot displays the FSB website interface. On the left, the FSB logo is prominent, with the URL myfsb.com and the text "Member FDIC" below it. To the right, there is a navigation menu with "ONLINE BANKING" (highlighted in orange) and "Personal" (highlighted in blue). Below this, "PERSONAL" and "BUSINESS" are visible. A horizontal navigation bar contains links for "Secure Checking", "High 5 Rewards", "Benefits Banking Plus", "Student Checking", and "Lost or Stolen Credit Card". The main content area features a grey box with the text "No Transaction Fees" and a small square icon. Below this are three buttons: "Apply" (orange), "eClub Benefits" (dark blue), and "Registration Guide" (dark blue).

You can also go directly to the site at www.eclubonline.net.
